900.0 CORROSION CONTROL

910.0 COATINGS

911.0 Codes and Standards

912.2 Coatings for Field Joints, Valves, Fittings, Casings

912.3 Internal Pipe Coating

913.0 Design Criteria

913.1 Coal Tar Enamel

913.2 Extruded Coatings

913.3 Thin Film Coatings (Epoxy)

913.4 Plastic Tape

913.5 Above Ground Pipe

914.0 Installation and Construction

914.1 Surface Preparation of Pipe

914.2 Pipe Coating

914.3 Coating Field Joints, Valves, Fittings, Casings

914.4 Handling of Pipe

914.5 Internal Pipe Cleaning

914.6 Internal Pipe Coating

915.0 Inspection and Tests

915.1 Electronic Holiday Detection

915.2 Cathodic Current Requirement Test

915.3 Fungus Resistance, Extruded Coating

915.4 Epoxy Resin Sampling

915.5 Thickness - Plastic Tape

915.6 Internal Pipe Coating

915.7 Bond Test

915.8 Cathodic Protection
